

V-TapGuides

"Precision Tapping For Professional Results"

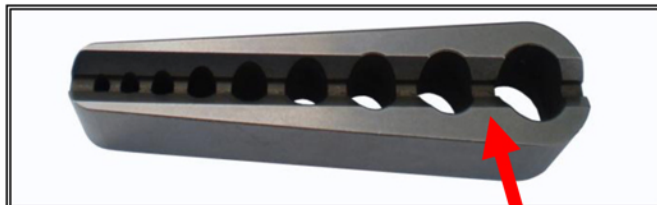

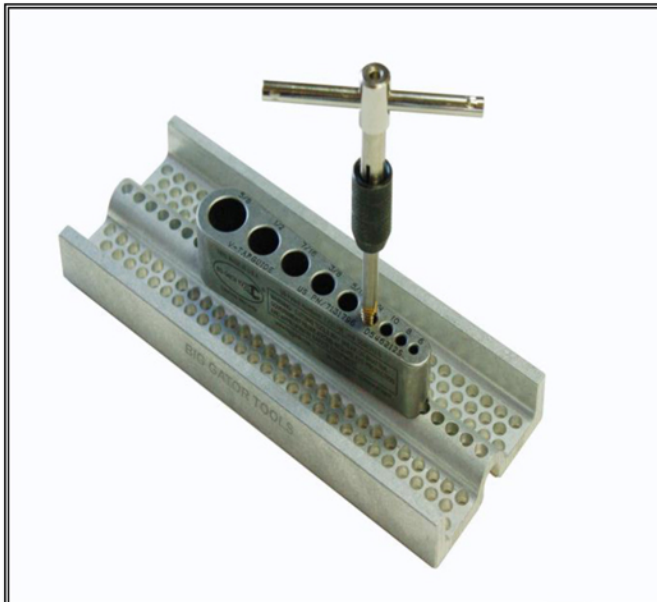

New Patented Portable Tap Guides from Big Gator Tools

Big Gator Tools is now marketing the most universal and easy to use tap and drill guides on the market.

V-TapGuides™ are offered in **Standard** and **Metric** sizes. **V-TapGuides™** are manufactured from special heat-treated nickel alloyed steel. The **V-TapGuides™** features a precision ground base to assure stability and accurate perpendicular alignment of taps on flat surfaces. The **"V-groove"** allows for perpendicular alignment of taps on round and square cornered materials.

Lifetime Warranty

100% American Made Quality

Works On Standard Ground Thread Taps

#STD500NP - Standard V-TapGuide™

32 Standard Ground Tap Sizes: 0-80, 1-64, 1-72, 2-56, 2-64, 3-48, 3-56, 4-36, 4-40, 4-48, 5-40, 5-44, 6-32, 6-36, 6-40, 8-32, 8-36, 8-40, 10-24, 10-32, 1/4-20, 1/4-28, 5/16-18, 5/16-24, 3/8-16, 3/8-24, 7/16-14, 7/16-20, 1/2-13, 1/2-20, 5/8-11, 5/8-18.

TAP STRAIGHT – EVERY TIME!

- Tap guide automatically aligns tap with work surface for precision alignment to drilled hole.
- Guide reduces tap breakage due to improper alignment to drilled hole (assuming drilled hole is properly aligned with work surface).
- Bottom surface of guide is precision ground to assure stability and accurate perpendicular alignment on flat surfaces.
- V-grooved bottom provides perpendicular alignment on round and cornered materials.
- Portable, pocket-sized. Great for **Field Service Kits!**
- Natural non-plated steel finish.
- Made from special heat-treated nickel alloyed steel.

BGT also offers **V-DrillGuides™** for standard & metric drills and **STI V-TapGuide™** for Heli-coil® type coarse & fine ground thread insert taps.
